PROFILE

I am a software engineer focused on productivity, clean code and best practices. I have started my professional journey with my teacher's company and right from there I have seen the power of IT, which I am passionate about.

EXPERIENCE

SENIOR SOFTWARE ENGINEER, GROUP 42

UAE, ABU DHABI, 09-2020 - PRESENT

TYPESCRIPT, REACT, JEST, CYPRESS, GITLAB, PYTHON, MONGODB

I am developing an oil and gas platform for one of the biggest companies in the middle east. I am focused on providing high-quality FE / BE features, to improve processes during oil and gas development.

FULL STACK DEVELOPER, SAAL

UAE, ABU DHABI, 08-2019 - 09-2020

ES NEXT, REACT, WEBPACK, JEST, REACT-TESTING-LIBRARY, CYPRESS, EXPRESS JS, NODE, MONGO, DOCKER, GIT, BOOTSTRAP, BEM, ZEPLIN, CIRCLE CI

I was developing a military platform for educating future soldiers. I was focused on the scalability and testability of our micro-service architecture.

JAVASCRIPT DEVELOPER, ALEF EDUCATION

UAE, ABU DHABI, 06-2017 - 07-2019

ES NEXT, TYPESCRIPT, REACT, APOLLO, REDUX, REDUX-SAGA, WEBPACK, JEST, REACT-TESTING-LIBRARY, ENZYME, CYPRESS, TESTCAFE, GRAPHQL, EXPRESS JS, NODE, MONGO, DOCKER, GIT, BOOTSTRAP, BEM, STYLED-COMPONENTS, ZEPLIN, CIRCLE CI

I was developing an education platform to improve students' progress and make learning easier. I was focused on the scalability (module pattern) and testability (TDD) of our application. The hardest thing about it is constant changes in business logic, so I have to create a very flexible code.

JAVASCRIPT DEVELOPER, FREELANCE

POLAND, OLSZTYN, 02-2016 - 06-2017

ES6, REACT, REDUX, VUE, VUEX, BEM, MODULE PATTERN, MOCHA, CHAI, WEBPACK, JQUERY, GULP, BOWER, PUG, SASS EXPRESS JS, NODE, MONGO, GIT, BOOTSTRAP, PHOTOSHOP (BASICS FOR DEVELOPMENT)

As a contractor, I have created many different web projects (from simple websites to web applications) using many technologies. Usually controlled by JIRA. I focused on learning good practices from more experienced team members. I have learned how efficient to use tools like git, chrome dev-tools, and other useful tools.

WEB DEVELOPER, MALNET

POLAND, OLSZTYN, 05-2015 - 02-2016

ES5, SASS, BOWER, JQUERY, HTML5, BOOTSTRAP, ANIMATE CSS

I have created several projects from HTML / CSS templates to basic crud applications.
